

SAFETY DATA SHEET

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1. Product identifier

Product name: LuciPac A3 Surface (Pre-Moistened) (60367)
(1) Enzyme solution
(2) Substrate solution
(3) Moistening solution

2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses: ATP + ADP + AMP Hygiene Monitoring test

3. Details of the supplier of the safety data sheet

Name of manufacturer in Japan: Kikkoman Biochemifa Company
Address 2-1-1, Nishi-Shinbashi, Minato-ku, Tokyo 105-0003, Japan
Telephone number +81-3-5521-5493
Fax number +81-3-5521-5498
e-mail address biochemifa@mail.kikkoman.co.jp

SECTION 2: Hazards identification

Hazards identification

GHS Classification: Not applicable

[Note]

As of today, all items regarding “Physical Hazards”, “Health Hazards” and “Environmental hazards” are “Not applicable for classification” or “Classification not possible”

SECTION 3: Composition/information on ingredients

Distinction of a chemical substance or a mixture: a mixture

Information on ingredients: Contributes to a classification: None

* The impurities or stabilizer which contributes to a classification: None

SECTION 4: First aid measures

Description of first aid measures

* If IF INHALED Inhale fresh air.
IF ON SKIN Gently wash skin with plenty of water and soap.
IF IN EYES Rinse eyes with plenty of water.
IF SWALLOWED Rinse mouth and throat thoroughly with water.
symptoms occur, see a doctor.

SECTION 5: Firefighting measures

1. Extinguishing media

Water spray, carbon dioxide, foam, dry chemical powder, dry sand.

2. Special hazards arising from the substance or mixture

Toxic, irritating dust or smoke may be emitted.

3. Advice for fire fighters

Wear normal protective equipment and self-contained breathing apparatus if necessary.

SECTION 6: Accidental release measures

1. Personal precautions, protective equipment and emergency procedures

For emergency responders:

Wear suitable protective equipment described in "Section 8: Exposure controls / personal protection".

2. Environmental precautions

Protect spills from entering drains.

Do not allow to enter public sewers and watercourses.

Avoid releasing to the environment.

3. Methods and material for containment and cleaning up

In the case of powders, sweep it up with a vacuum cleaner. In the case of liquid, absorb it on sawdust or waste cloth and collect it to a container. In the case of small quantity, wipe it off.

SECTION 7: Handling and storage

[Handling]

Technical measures	: Refer to section 8. Use appropriate protective equipment
Precautions for safe handling	: Do not handle until all safety precautions have been read and understood.

[Storage]

Appropriate storage condition	: Store at 2-8°C and protect from light.
-------------------------------	--

SECTION 8: Exposure controls/personal protection

[Facilities measures]	: Place washstand for hands and eyes as needed
-----------------------	--

[Personal Protection]

Respiratory protection	: Gas mask as needed.
Hand protection	: Protective gloves as needed.
Eye protection	: Protective glasses or safety goggles as needed
Skin and body protection	: Protective clothing with long sleeves as needed

SECTION 9: Physical and chemical properties

Information on basic physical and chemical properties

Appearance (physical state, form and colour)	(1) (2) (3), Clear and colorless liquid
Odour	(1) (2) (3), None
Initial boiling point and boiling range	No information
Boiling point or initial boiling point and boiling range	No information
Flammability	No information
Lower and upper explosion limit / flammability limit	No information
Flash point	No information
Auto-ignition temperature	No information

Decomposition temperature	No information
pH	(1)7-8, (2) No information, (3) No information
Kinematic viscosity	No information
Vapour pressure	No information
Density and / or relative density	No information
Particle characteristics	No information

SECTION 10: Stability and reactivity

Reactivity and chemicals stability	: Stable under recommended storage conditions.
Possibility of hazardous reactions	: No information
Conditions to be avoided	: Sunlight, oxidizing agent, heat
Incompatible materials	: Oxidizing agent
Hazardous decomposition products	: Carbon monoxide, carbon dioxide, nitrogen oxides.

SECTION 11: Toxicological information

Acute toxicity	No information
Skin corrosion / irritation	No information
Serious eye damage / irritation	No information
Respiratory or skin sensitization	No information
Germ cell mutagenicity	No information
Carcinogenicity	No information
Reproductive toxicity	No information
STOT-single exposure	No information
STOT-repeated exposure	No information
Aspiration hazard	No information

SECTION 12: Ecological information

Toxicity	No information
Persistence and degradability	No information
Bioaccumulative potential	No information
Mobility in soil	No information
Hazard to the ozone layer	No information

SECTION 13: Disposal considerations

Waste treatment methods

Any disposal practice must be in compliance with country, local, state, and federal laws and regulations (contact country, local or state environmental agency for specific rules).

After contents are completely removed, dispose of its container in accordance with local/regional/national/international regulation.

SECTION 14: Transport information

1. UN number	Not applicable
2. UN proper shipping name	Not applicable
3. Transport hazard class(es)	Not applicable
4. Packing group	Not applicable
5. Environmental hazards	Not applicable

SECTION 15: Regulatory information

Safety, health and environmental regulations/ legislation specific for the substance or mixture

Industrial Safety and Health Law	Not applicable
Poisonous and Deleterious Substances Control Law	Not applicable
PRTR Law	Not applicable
The Fire Laws	Not applicable

SECTION 16: Other information
